Job Opportunity - Relocate from Europe to UK

Hi,

I have a permanent job opportunity which would ideally suit someone from Europe who want's to experience the UK (initially London), the requirements are fluent in Cache Objects, SQL, XML, Integration, English Language and be self motivated with a desire to experience London.

I am NOT a recruitment agency and will offer personal help in relocation and culture differencies to handle moving countries.

I do not offer a relocation package but will offer advice, guidance and help in relocation.

For further details and a chat, please send your CV and salary expectations to recruitment@hulatech.com

Regards

Paul
